

This is our Encore.

At Vancouver College, we are committed to supporting the growth of every student and providing a faith-based educational experience that offers enhanced opportunities in academics, spirituality, athletics, and the arts. We continually strive to improve our facilities and programs for the betterment of our boys, helping them reach their full potential.

Today, we are ready to complete the campus redevelopment plan that began a decade ago, which included the construction of Manrell Hall and Lannon Hall. Generations of families, alumni, staff, and friends before us built the foundation we stand on today. Now, it's our turn to pay it forward by investing in a future that will empower young men through the transformative power of music.

This \$14 million capital campaign, aptly called Encore, signifies the next chapter in Vancouver College's story. This campaign is more than a building—it's an investment in the creativity, confidence, and character of our students. With your support, we can create a space that inspires excellence, nurtures talent, and strengthens the vibrant tradition of music at Vancouver College.

This two-phased project begins with the construction of a 12,000-square-foot building at the corner of 38th Avenue and Cartier Street. Purpose-built for our flourishing music program, the facility will include spacious band rooms, dedicated rehearsal spaces, secure instrument storage, and a digital recording and media studio for our boys. The band rooms will feature 12-foot-high ceilings to ensure optimal acoustics and safer sound levels. This two-storey building will be significantly lower than both Lannon and Manrell Halls, preserving key sightlines. Its design will maintain harmony with the architectural aesthetic of the rest of our campus.

Once Phase One is complete in the Fall of 2027, we will proceed to Phase Two, which involves repurposing the vacated spaces to support co-curricular programs such as athletics, digital arts, and additional senior school classrooms, ensuring that every corner of our campus continues to serve the evolving needs of our students.

Join us in bringing this vision to life and help us build Better Men through music, character, and community. Make your gift to the Encore Campaign today.
